**Advanced masters (240 points)**

**Year 1**

Semester 1
- Courses from subject collections Cognitive Science, Artificial Intelligence and Computer Science 20 points
  - Design for Informatics* 20 points
  - Case Studies in Design Informatics 1 20 points

Semester 2
- Courses from subject collections Cognitive Science, Artificial Intelligence and Computer Science and CMSE11163 (Informatics Entrepreneurship & Digital Marketplace) 20 points
  - Designing with Data* 20 points
  - Design Informatics Project* 20 points

Summer
- Design Informatics Placement 0 points

**Year 2**

Semester 1
- Informatics Research Review 20 points
  - Case Studies in Design Informatics 2 20 points

Semester 2
- Product Development * 20 points
  - Dissertation (starts S1) 60 points

All courses are at Level 11, unless otherwise stated. All courses are offered by Informatics, except those marked *, which are offered by ECA. All courses are existing, except those in bold, which are new. Of these, new Informatics courses have course descriptors available.
